SUPERVISORY EXAMINER

Dear Sir,

Sub. / letter

Thank you for your letter dated 25-26 March, 2002 informing about the non delivery of my R-letter dated on 18 Sep 2001 which mailed on 19 Sep, 2001 holding USPTO address & the backside holding my address with a sealed serial No. 09/582, 634.

In fact I'm quite impressed about this news after such along time .. which put me in a sort of confusion when recognising the important documents enclosed in that grand yellow envelope (the whole plant application of a patent and documents: in 90 pages) and the situation at that time when the mail was checking by different resources ..!

For this reason I would ask you as USPTO who should own this letter to consider it as a matter of credibility to react on, at least by official announcement to those different parts of resources participated in that mail checking mission to enable -hopefully- to find this letter with a warranty or precaution not to use its contents by any individual that it will be illegally.

Any way I'm leaving this matter to your vision since it is concerning USP application and its confidential information besides the receipt had returned back from US mail.

At the day I received your letter, I have inquired the official action from my local post office which will declare this matter with US mail (who secured a registered delivery) supported by the evidence .

Please find attached two documents (the returning receipt from US & mail inquiry).

The application and whole documents will be resubmitted to reach your office as hopefully with in 2 weeks from now ..

With my appreciation I remain sincerely
Thank you

Yours truly

Shirwan AL PASHA AL BAHDAINI
